

Arrival Directions Sheraton Hotel

Prior to arrival all students will need to print their Cruise Ship Unloading Pass found on their Housing Online.

Unloading Location: Sheraton Hotel → Parking Location: Copley Place Garage → Check-In Location: Belvidere Room

1. If you are arriving by car to campus, you will first need to proceed to your Unloading Location at the Sheraton Hotel. Please use [this link](#) as a location for driving directions.
2. At the Sheraton Hotel, you will need to present your printed **Cruise Ship Unloading Pass** to the move support staff who will unload your belongings from the car into your one moving hamper. Move support will deliver your hamper of belongings to your assigned room listed on your **Cruise Ship Unloading Pass**.
3. Once your belongings are removed from your hamper in your room, move support will bring your hamper back to the unloading station.
4. Should you require a place to park after unloading, the driver of your vehicle can park in the Copley Place Garage. From the unloading location, continue from Belvedere to Dalton Street. Turn right on Boylston Street, followed by a right on Exeter Street. Proceed straight through the intersection with Huntington to enter the garage. A validated parking code will be provided at check-in to exit the Copley Place Garage after your move-in at no fee. If you choose another parking location, you will be responsible for those parking fees. There is no oversized (over 6'8" including roof racks/storage) or overnight parking provided.
5. While your vehicle is being parked, you can proceed to your check-in location, Belvidere Room, to check in with NUin Staff.
6. Throughout the move-in process, students will be permitted no more than two guests to assist with bringing belongings into your room, and your guests are asked to stay no longer than 2 hours. Please note, masks will be required for all fully vaccinated and unvaccinated students, faculty, staff, visitors, and vendors indoors. Outside of official Fall move-in days/times (8/29-9/5 8:30am-6pm), the guest policy will revert to only Northeastern students as guests, and only 3 at a time.
7. In accordance with the current COVID-19 guidelines, all students, regardless of vaccination status, will need to be tested within 24 hours of their arrival and on a weekly basis thereafter. All students will need to schedule a test through the [COVID-19 Test Scheduler](#). Please note: the testing center does not take walk-in appointments. You will not be allowed to enter the testing center without a proof of your appointment time. This can be provided either by using a mobile device or by a printout from the COVID-19 Test Scheduler.
